

Gray 4 Trans Officer!

uplifting your voice

Hi, I'm Gray and I'm a Y1 Acting student originally from Manchester! I would consider myself a social and approachable person, so I would always be a friendly face for anyone wanting to discuss anything with me. I believe strongly in the importance of community for trans people (and queer people in general) because it's how we can support and be there for each other. Elements of being transgender can be isolating, so it's helpful to be able to talk to others who you share experiences with. I am currently the student rep for Y1 Acting, so have previous experience within the SU. I am a committed and reliable person, who will always be there to listen to and represent you, no matter what.

My policy ideas:

1. Representing your ideas! Most of all I want to ensure that I listen and give voice to every trans person in NUA.
2. Hold regular meetings for transgender students to convene and get to know each other, in order to build a strong sense of community.
3. Make the university a welcoming and inclusive space by improving lecturers' understanding of how to best support trans students.
4. Host educational workshops regarding health issues which are more likely to affect trans individuals. For example, risk factors when taking HRT.
