

Staff Support

The SU Staff team are there to support you throughout your time as a Part Time Officer. While each officer has a dedicated person they can go to in the first instance, project specific support will depend on what you are up to as we all have different skill sets and areas of expertise that may be useful to you.

Below you can see who your person is – you can reach out to them via teams, email or come see them in person. We support you in a way that works for you, so each Officer may get a different experience but we are dedicated to helping you make the most of your role.
